## Statement of Facts

Priya Sharma, a 20 year old girl was involved in a love affair and a physical relationship with Rohan Das, a 23 year old boy. Priya has completed the first year of Degree College and stays with her family of five members at her residence in Dadar, Mumbai. Rohan is an uneducated and unemployed person who also resides in Dadar, Mumbai. In the course of their relationship, Priya realised that she was pregnant and planned to elope and marry Rohan, as her family was against their relationship.

On the night of 20<sup>th</sup> July, 2016, all members of the Sharma family, Priya, her parents and her grandparents, namely the father, Mr. Raju Sharma, his wife Smt. Manju Sharma, grandfather, Mr. Ram Sharma and his wife, Smt. Sita Sharma were present at their residence. At about 2.30 a.m. (i.e. the intervening period between 20<sup>th</sup> July and 21<sup>st</sup> July) on that fateful night, upon hearing constant screaming and cries of a woman from the neighbouring house, Mr. Vasant Naik (PW 1), the neighbour of the Sharmas, and his brother broke the door and entered their house. They found Priya lying unconscious in the bedroom of her parents, who were lying in a pool of blood, with their respective throats slit. Thereafter they discovered that both the grandparents were also lying dead in the opposite bedroom with their respective throats slit.

Immediately, Mr.Naik raised an alarm gathering other neighbours and also informed the police at Dadar Police Station. Accordingly a case was recorded on the basis of information received from Mr.Naik, and a First Information Report (FIR) was registered at about 3.05 a.m. under Section 302 of the Indian Penal Code (IPC) against unknown persons for the murder of four members of the Sharma family. The police investigation team, which constituted of P.I. Kiran Rane (PW-6), a PSI, two constables along with two Panch witnesses conducted the inquest panchnama and thereafter dispatched the four dead bodies for post-mortem at the Government Hospital. Dr. A.B. Barve (PW-5) conducted the post-mortem of all the four deceased persons. Further, blood stained pillows, bed sheets, mattresses, etc near the respective dead bodies, were duly sealed, marked, taken into possession and sent to the Forensic Laboratory.

On further investigation, the police found out that there were mobile phone conversations made between Priya and Rohan Das from 1.50 a.m. to 2.00 a.m. on 21<sup>st</sup> July. The police found a white dress, stained with blood in the cupboard. Also, a wrapper of ten sleeping tablets, which Priya had allegedly purchased and mixed in the dinner of the deceased persons, was found in the cupboard.

It was later found that Rohan had committed suicide by hanging himself to the roof of his residence at about 8.30 p.m. on 21<sup>st</sup> July, 2016. Additionally the murder weapon; a blood-stained knife and a mobile phone were recovered from Rohan's residence. The recovered materials were sent to the Forensic Laboratory which confirmed that the blood on the murder weapon and their respective clothes matched with the blood of the deceased persons.

S.S. Rathod (PW-4), a person working at Dave Medical Stores at Dadar, confirmed that Ms. Priya Sharma had visited his shop on 19<sup>th</sup> July, 2016 at about 8.00 p.m. and had purchased a packet of ten sleeping tablets, after which she left the shop immediately.

Priya Sharma (accused and DW-1) was arrested on 21<sup>st</sup> July, 2016 at 5.00 p.m., near Dadar Railway Station.

According to the police, Priya and Rohan had together executed the murder plan, wherein Priya had allegedly administered sleeping pills to the deceased persons through their dinner and thereby rendered them unconscious and thereafter had allegedly slit their throats. The alleged motive behind the commission of these gruesome murders was to eliminate Priya's family which was not in favour of the relationship between Priya and Rohan and thereby secure the entire property of the family and create financial security for the couple. Accordingly, on completion of the investigation, a charge-sheet was drawn. Priya Sharma has been charged under Section 302 of the IPC for the brutal murder of her innocent family members. The statements of all the witnesses have been recorded.

## STATEMENT OF MR. VASANT NAIK (INFORMANT AND PW-1)

Name: Vasant Prabhakar Naik, Age: 52, Sex: Male, Occupation: School Teacher, Residence: 88, Sadanand Apartments, Talekar Road, Dadar, Mumbai-28.

I am a resident of Sadanand Apartments, Dadar from the last seven years and I have known the Sharma family since then. I stay there along with my younger brother. I am employed as a school teacher at Children's Academy, Churchgate, Mumbai. On the intervening night between 20<sup>th</sup> July to 21<sup>st</sup> July, 2016. I heard loud cries at about 2.30 a.m. from Flat no. 86, upon which me and my brother rushed over there. After knocking many times and failing to get any answer from inside, we broke the door and got inside the house. We then entered a bedroom, wherein we found Priya Sharma lying unconscious beside the bed, wearing a green dress. We discovered that both her parents were lying dead in a pool of blood on the bed, with their throats slit. We also discovered that in the opposite bedroom, both the grandparents were also lying dead in a similar condition as that of the parents.

I was shocked and raised an alarm, upon which I gathered many other neighbours. Thereafter, I immediately decided to inform the police and I telephoned the Dadar Police Station at about 2.45 a.m. The police arrived at around 03.30 a.m. The bodies were sent for post-mortem, and the bed sheets, mattresses, pillows, white dress etc. were seized. I would further like to state that it was known to me and other members of our apartments about the internal conflict within the Sharma family because of the stiff opposition to Priya's relationship by the family members.

## STATEMENT OF S.S. RATHOD (PW-4)

Name- S.S. Rathod. Age- 40 years. Profession – Employee at Dave Medical Store

I, S.S. Rathod, have been working at Dave Medical Store since 20 years. I have completed my education till HSC and have been working at this medical store since then.

The members of Sharma family used to visit our store very frequently and hence, I was acquainted with all the family members.

I state that on 19<sup>th</sup> July 2016, at around 8 pm, Ms. Priya Sharma had visited Dave medical store. She asked for a packet of sleeping tablets. As she often used to purchase these sleeping tablets, I presumed that she must be conscious about the risk of overdose of the same, additionally no suspicion aroused in my mind and I gave out the required packets of sleeping tablets. After grabbing the two packets, she immediately left the shop because of which I could not provide her with the bill for the payment. I was the only person who was present in the store at that time.
