1. The State of Vijaypur is located in the nation of Indiva spread over 118,809 square meters of territory, consisting of a population of 116 crores where three out of six regions are backward areas.

2. On 9th June, 2015, the State of Vijaypur formulated an Incentive Scheme to encourage existing universities in the backward regions to apply for conversion into “Green University”. Green University is an initiative of the Government towards sustainable development.

3. On 1st April, 2016, a tender was floated by the State of Vijaypur inviting eligible Universities to apply for Incentive Scheme. Gunjan (Deemed) University was one of the initial applicants for the Tender. The said tender proposed that the University which would be awarded the contract would have to construct and operate “Green Laboratory Building and Research Centre” on 10 acres of allotted land in the State of Vijaypur on Design, Build, Finance, Operate and Transfer (DBFOT) basis for a period of 10 years, i.e., from 1st January, 2017 to 1st January, 2027 in order to bring advancements to the field of research, higher and technical education in the backward regions of the State of Vijaypur. Universities were to hire services of Developer Companies for the purpose of building the Green Laboratory. State enthusiastically advertised the benefits of these schemes and received huge number of tender applications. After due process, the tender application of Gunjan University was accepted.

4. The following incentives would be granted to the University under the Incentive Scheme and would be valid till the end of the tender period:
   a. Refunds on Value Added Tax (“VAT”) incurred by the Developer Company during the stage of construction;
b. Waiver of Electricity Duties;
c. Subsidies in property taxes;
d. Subsidies in Stamp Duty; and
e. Waiver of other local taxes applicable.

5. The contract to build the Green Laboratory was given to M/s Chandra Construction & Solutions Co. Ltd. ("Developer Company/Project Company") on 9th October, 2016 and the Concession Agreement was entered into as per the Model Concession Agreement ("MCA"). The project company and University applied to the respective departments and availed Entitlement Certificates for the said benefits and further fulfilled all other requirements of planning.

6. As per the Development Agreement between the University and the project company, price consideration of ₹. 28,15,43,882/- (Rupees Twenty Eight Crore, Fifteen Lakhs, Forty Three Thousand, Eight and Eighty Two only) was decided. Some of the pertinent terms *inter alia* of the Contract were as follows:
   a. That, the whole construction work should be completed within a period of 106 weeks;
   b. That, the Architect Certificate is condition precedent for full payment to the construction company;
   c. That, 1/4th of the total amount agreed upon, will be given at the time of signing of contract, 1/4th of the amount will be released after 50% of completion of work and remaining balance amount will be released after the whole work is complete as per the Contract;
   d. That, in case of frustration or breach of contract, the party in default would have to pay the other ₹. 30,00,00,000/- (Rupees Thirty Crores Only).

7. Construction work began and 1/4th amount was released at the time of signing and another 1/4th amount was released subsequently after completion of 50% of the work.

Goods and Services Tax Act, 2017 were enacted which repealed the previous indirect taxes system resulting into the disentitlement of VAT refund granted by the Incentive Scheme since the GST laws didn’t contain provisions for the same. Furthermore, on 6th November, 2018 the State of Vijaypur notified the Vijaypur Green Building Policy, 2018 which mandated new Policy Guidelines on all construction projects that had completion level of 75% and below. Accordingly, the other benefits granted to the project company were withdrawn by way of cancellation of Entitlement Certificates stating the reason that, the construction was detrimental to “public interest” as it did not conform with the Policy issued by the State Government.

9. The situation severely impacted the financial planning of Gunjan University and thus the University filed a Writ Petition before Hon’ble High Court of Vijaypur seeking directions from the Court to revoke cancellation orders of Entitlement Certificate and direct the Government to come up with a mechanism under the newly enacted GST laws to accommodate such a situation.

10. By this time the project company had completed 70% of construction work and applied to the University to release payment. The University failed to do so on account of the situation faced by it. Therefore, the project company filed a suit and claimed liquidated damages of an amount of Rs. 30,00,00,000/- before Hon’ble High Court of Vijaypur against the University on inter alia several grounds including breach and frustration of Contract.

11. Since the Writ Petition and the Suit involved similar grounds of challenge and since such similar issues were being faced by several other entities in the State, it was decided that a Special Bench will be constituted to hear the Writ Petition and Suit together.

12. Matter is admitted pending for final arguments before Special Bench.

Note:
1. The laws of Indiva are pari materia to the laws of INDIA & laws of State of Vijaypur are pari materia to the laws of State of Maharashtra.
2. Teams are requested to frame maximum 4 Issues.
1. A 16 year old boy, Sachin Mane, was murdered on 20th August, 2008, in District Rasa, State of Maharajya. The incident was reported to the nearby Police station by two people who were present in the vicinity.

2. The witnesses were questioned and shown Police Records of people matching the description given by them. The two eye witnesses confirmed the photograph of one Bobby Richard and accordingly an F.I.R was lodged. Bobby Richard, a 25 years old, father of a two years old daughter, was arrested one week after registering the FIR and the murder weapon was recovered from the accused.

3. According to witnesses’ statement recorded before the Magistrate, Bobby was alleged to be the gunman who had shot the 16 years old, Sachin Mane, in the face, on the afternoon of 20th August, 2008, after a brief altercation in the street. However, the statement further noted that the eye witnesses failed to see the shooter’s face clearly.

4. The Investigation Officer (IO) confirmed that Bobby was also ‘wanted’ for a robbery that took place in the year 1998 when Bobby was a juvenile. Bobby had pleaded not guilty for the robbery. From that time onwards, his name was in the records maintained by the police. Although in 2008, after his arrest for the murder of Sachin Mane, Bobby had pleaded guilty to the robbery of 1998.

5. In his defense, Bobby insisted that he was innocent and he was in Doa on the date of murder. He contended that he had been staying with his friend, John Steve and his pregnant wife, Jennie. Bobby said, he was with the couple and other friends when the baby was born. Thus, taking the plea of innocence as there was no way that Bobby could have killed 16 years old,
Sachin Mane in Rasa, State of Maharajya on 20th August 2008, he gave a detailed statement inclusive of all the names, addresses, and phone numbers of 14 people who could confirm his statement.

6. Before trial, while in police custody, Bobby met with the court appointed lawyer. Thereafter, the Investigating Officer (IO) instructed his subordinate to visit Doa to carry out the investigation. The subordinate did not carry on the enquiry and no report was filed.

7. However, the IO was transferred and the present case was handed over to the succeeding IO. The incoming IO did not follow up with the enquiry at Doa. Due to an apparent miscommunication between the IOs, no investigator was sent to verify and interview the witnesses in Doa. With no evidence, other than the witnesses’ identification, Bobby was linked to the murder.

8. Even so, Bobby’s friends, John and Jennie came forward as alibi witnesses to testify that Bobby was in their house in Doa on the day of the murder and they remembered the day well because their first child was born the next day. But the prosecution convinced the court that these witnesses were not credible because they were Bobby’s friends. Thus, Bobby was convicted and sentenced to 20 years of life imprisonment by the Ld. Trial Court.

9. Bobby challenged his conviction before the Hon’ble High Court of Bombay, arguing that the public prosecutors were building the case on improper investigation. During the hearing Hon’ble High Court noted that seven of the alibi witnesses had testified before the Learned Trial judge that Bobby had been in Doa. The High Court ruled against him and held that the lawyers on the whole had ‘represented Bobby skillfully and with integrity’ but the failure of the Investigating authorities to send investigator to Doa was the result of ‘misunderstanding or mistake’ that ‘was not deliberate’. The Hon’ble High Court further confirmed the decision of the Learned Trial Court mainly on the fact that the murder weapon was found in the custody of the accused and keeping in mind his past criminal record.
10. Bobby, then, approached to the Supreme Court of Indiva for fair trial and justice, arguing that the judges failed to read the police report which had been produced 10 years ago at the trial in which the main eyewitnesses stated, they actually had not seen the shooter’s face.

11. The case is fixed for final hearing on 12th January, 2020

Note:
1. The laws of Indiva are pari material to the laws of INDIA.
2. The characters, situations and facts are hypothetical and its resemblance in any form will be a co-incidence.
3. Teams are requested to frame maximum 4 Issues.
