The Kamrup Dialogue

The Kamrup Dialogue is a multilateral conference that would inculcate discussions on varied topics and issues that are pertinent to North-East India. The Dialogue is established by the NSS Unit of NLU, Assam to ease the exchange of opinions on cross-sectoral aspects through bringing in esteemed guests, from varied fields be it bureaucrats, media personnel, political leader, advocates, etc. The event would help an individual to learn the know-how of certain arenas in North-Eastern India. It would predominantly highlight the issues of the region and create a space for the exchange of dialogues between people so that a solution is churned out or at least opinions be exchanged that would engage everyone in a healthy conversation.

About NSS NLU Assam

"Be the change you want to see in the world."

Just like Mahatma Gandhi's vision towards the youth of India, the aim of NSS is to inculcate the idea of social welfare in students and to dispense service to society without bias. And so is the aim of NSS National Law University and Judicial Academy, Assam. We were recognized by the NSS Directorate in June 2019 and since then we have been working compassionately for the society, and for the youth of the nation. From exchanging languages and cultures from every corner of the land to reinforcing the efforts of front-line workers during the pandemic, we did not stop working for our society, for our nation. Following Mahatma Gandhi's footsteps, we the members of the NSS Unit, NLUJAA believe that someday we will see a contrasting world from now and from our verge we have already started to make a change in ourselves and devote our life towards being a better person.

THEME

STRENGTHENING DEMOCRACY IN INDIA:

ROLE OF JUDICIARY WITH SPECIAL REFERENCE TO NORTH-EAST INDIA

The root cause of the sickness afflicting Indian democracy is the distance between power and the people. The power is lodged at the center and in the states whereas the problems are at the ground level. People's power is thus not available to keep the wielders of political power under check. Electoral reforms and judicial activism can at best deal with the symptoms. The disease needs the more basic remedy of bringing power down to the people. The principal role of the judiciary is to protect rule of law and ensure the supremacy of law. It safeguards the rights of the individual, settles disputes in accordance with the law, and ensures that democracy does not give way to individual or group dictatorship.
