

# 'CONSULTATIO FELLOWSHIP'

## FOR EMERGING YOUNG LEADERS

### BACKGROUND

Since 2019, Civis has run a successful student engagement program that has trained 138+ law students on consultative processes and legal information dissemination from premier law schools across the country. Including National Law School of India, National Law University - Delhi, West Bengal National University of Juridical Science and others.

Through Civis' programs students have learnt about India's Pre-Legislative Consultation Process, and also received hands-on skill development opportunities on summarising legal information and disseminating legal content. Building on this program, we are now looking to bring on one law graduate for our flagship 'Consultatio Fellowship' for Emerging Young Leaders.

### ABOUT THE FELLOWSHIP

The 'Consultatio Fellow' will be based out of Mumbai and will have the opportunity to join our team full time for one year.

Key skills gained through the Fellowship include:

- Staying up to date with the latest legislative developments in domains such as insolvency, data protection, gender, environment etc. This will equip the fellow with functional knowledge of different domains and developments in the law, which have been an asset to prior fellows while applying for jobs.
- Effective communication of legal concepts and documents, which breakdown jargon and assumptions to ensure that audiences without legal backgrounds are able to understand the law. This too has been seen as an asset for past Policy Leaders while engaging with clients.
- An independent, innovative work environment with room for experimentation and opportunities for leadership - which are nurtured and encouraged by our team.
- A stipend of ₹40,000/- per month and letters of recommendation will also be provided.

### HEAR FROM OUR ALUMNI

**KOPAL JAIN**
